SPEECHES ON BRAZILIAN MISSIONS Interesting Addresses by Rev. Mossrs. Kin-

The mass-meeting held at St. James church Sunday night under the auspices of the Protestant Episcopal Missionary Society of Richmond was one of the most successful services of the kind that ever occurred in Richmond. Nearly all the congregations of this denomination participated and the church was crowded, many persons being unable to gain admission. The meeting was presided over by Bishop Peterkin, of West Virgina, and Rev. L. W. Burton, of St. John's church, read the service. Very able and interesting addresses were delivered by Rev. L. L. Kinsolving, missionary to Brazil, and Rev. William A. Newbold, secretary of the American Church Missionary Society. These speeches had special reference to the work in Brazilian States and showed that the Gospel had been kindly received and that good results were being had. Perkesburg, Va., February 1.—The question most frequently on the lips of our local politicians is, Will there be a prohibition movement here this spring when the fact that Rev. H. C. Cheatham, pastor of Market-Street church, is preaching a series of special sermons denunciatory of the liquor traffic leads to strengthen the belief that such a movement is probable. Further significance is added by Mr. Cheatham's series of the exet sermon of the series would be delivered on the evening of the 14th instant not at Market-Street church, but at the next sermon of the series would be delivered on the evening of the 14th instant not at Market-Street church, but at the Academy of Music. Mr. Cheatham's sermon last night was heard by an immense congregation. Sunday liquor-selling, dancing, the Petersburg Club, and the theatre constituted the topics which he discussed. He pronounced the german a "scientific hugging-match;" attacked the Theatre, and incidentally the Richmond Mozart Academy, and then paid his respects to the club. This organization is to give a reception to the ladies one night this week.

Mr. Cheatham urged the fernale portion of his congregation to give the reception the most frigid cold shoulder possible, characterizing the members of the club as "liquor-sellers without license" and as "liquor-sellers without license" and as "having slanderers in their midst." Then he declared that the city administration was run by the saloon interests, and he again attacked certain officials who are engaged in the liquor business. The line of these sermons impresses every one who hears them that their ultimate object is an anti-liquor campaign, but of course this is mere surmise. The sermons are approved by the negro Republican organ here, which sees in them a possible cause of strife among Democrats in the municipal election.

INSUFFICIENCY OF CIRCULATION The Subject of an Address by District-Lecturer B. B. Turner at King George. [Correspondence of the Richmond Dispatch.]

(Correspondence of the Richmond Dispatch.)
King George Courthouse, Va., January 29.—District-Lecturer B. B. Turner, of the Farmers' Alliance, delivered a public address here to-day. He discussed at length the general financial condition of the country, the national banking system, and declared that under these systems ours is not a government by the people and for the people, but a government run in the interest of a few for a few; that one twentieth of 1 per cent, of the people of this country own three fifths of all the property of the country; that 10,000,000 of our people do not employed the necessaries of life; millions are out of employment, tramps and criminals are multiplying—all because of an insufficient amount of money in circulation.

AN EXPLANATION.

Mr. Turner explained the Alliance theory of the "land-loan scheme" as the only practical remedy for the present evils. This, said he, would increase the volume to \$50 per capita, basing the issue of money on land value, the amount of money not to exceed one half the value of the land.

Mr. Turner thought there was no necessity for a third party. It was only necessary for all the farmers to organize and pull together. His speech was pronounced the best Alliance talk the people of King George have ever heard. His views were logical and very conservative—so much so that all classes were more friendly to the Alliance after than before Mr. Turner's visit here.

was very slowly consumed she was enabled
to get but few effects from the building,

CHICAGO. February 1.—Wheat opened weak and slightly lower this morning, and as the news was nearly all of a bearing quality many traders looked for a snarp break. Cables were weak and Liverpool depressed and one penny lower. Domestic markets were heavy and sending downward. The receipts in the Northwest were larger and foreigners were free sellers at the seatoard. The market, however, was very steady for a considerable part of the forenoon, in the neighborhood of the slight opening reduction in values, being sustained by an unexpectedly good demand. The firm of Mesers, Journeay & Burnham, of Brooklyn, importers and dealers in dry goods, was established in January, 1844, by Mr. Henry P. Journeay and Mr. Lyman S. Burnham. In the following year Mr. Hugh Boyd became a partner and the firm remained unchanged until the death of Mr. Journeay a year ago necessitated a reorganization, and its conversion into a corpo

ration was accomplished,

The reputation of the firm for honorable dealing and for the high class of goods which it handies has always been recognized, and its credit and that of the company succeeding it is the highest accorded by the commercial agencies of the country. It has ever 50,000 partons, not only in Brooklyn, but throughout the New Eng-land States, New York, New Jersey, Pennsylvania, and Maryland, and extending as far South as Toxas, and as far West as lows. Its career has been one of continued prosperity, THE SALES FOR UPWARDS OF FORTY YEARS

The net profits for the quarter were \$37,777.18, being at the annual rate of 8 PER CENT. UPON THE PREFERRED STOCK, 12 PER CENT. UPON THE COM-MON STOCK, and a surplus equal to 5 11-100 per cent. upon both, making in all 13 11-100 PER CENT. UPON THE PREFERRED STOCK AND 17 11-100 PER CENT. UPON THE COM-MON STOCK. It is, however, expected that the business will show a much greater increase after March 1st, upon which date the company will re-move from its present limited and inconvenientity located premises on Atlantic avenue to its new and commodious building now nearly completed at the junction of Fulton street and Flatbush avenue. This site was selected after due con-sideration and it is believed to be the most ad-vantageous location in the city of Brookiyn for a the Long Island railroad station, whereas the tract-cars. Conkiin, for many years associated with the late firm, have entered into an agreement with the company to remain in its service until July 1, 1856, and for such longer period as their services may be required.
